Host an Event for KMF

Our Mission is to reverse the underfunded, under-researched nature of brain cancer by funding innovative research on the most aggressive form of brain cancer - Glioblastoma (GBM)

Host an Event for KMF

Our Vision is a world where Glioblastoma is treatable and curable.

KMF emerged less than four months after our namesake, Knox Martin, passed away from GBM in December of 2020. He was 24 years old. KMF was born out of the resolute desire to transform tragedy into progress. Despite being first identified in the scientific literature in the 1920s, there are only four FDA-approved drugs to treat GBM. Few research studies are conducted in aggressive brain cancers each year because the disease is so deadly; yet the disease remains deadly because so few research studies exist. Our goal is to end this infinite loop.

Today, we partner with the [Preston Robert Tisch Brain Tumor Center](#) at Duke University. Because of the generosity of our donors, we have been able to fund the development and launch of **three FDA-approved clinical trials** for high-grade glioma and Glioblastoma patients, giving warriors like Knox a shot at a longer life.

Three easy steps to host:

1

Format & Venue

What kind of event would you like to produce? Choose a format & venue that will engage and resonate with the community you plan to introduce us to. For example: host at your house or a local restaurant or brewery.

2

Timing

Work with the KMF Hospitality & Marketing teams to choose the best date and time for your event. We would love to enlist a few members of our team to assist you before & during the event!

3

Marketing

Can we assist you with invitation design? Would you like to include an educational component to teach attendees about our mission (i.e. posters, brochures, speaker, etc)? Let us know what you need.
